

Vivian Blade, Speaker

AUDIO VISUAL REQUIREMENTS

Audio Visual

- Wireless lavalier microphone
- LCD projector
- Screen set to side of stage
- Connection capability for MacBook Pro computer

Room Setup

The following setup suggestions will help you have an overall successful event:

- Distance from the first row of seats/tables to the stage should be no more than 10 feet.
- Ideal stage/riser height for audiences of up to 200 people is 6"-12"; for audiences of more than 200 people, 12"-24" in height is appropriate.
- Lecterns should be removed, or pushed to the side of the stage.

I am a high-energy, high-content speaker who loves to connect with my audience. I move around the stage and often out into the audience. Please take this into consideration when planning your event.

If you have any questions, please call me at [502-419-2433](tel:502-419-2433).

Thank you!
